

The Best Holiday Recipes

One of our favorite things to do during the holidays is to bake delicious treats. We give treats out to neighbors, friends, and family, so we always end up needing to make a lot of treats.

While we have a few treats that we have to make every year, it's always fun to find some new recipes to try out.

This year, we are using this pamphlet from Utah State University's Weber Co. Extension – Kitchen Kreation. This pamphlet has a great variety of recipes to try. It has

everything from spicy jalapeño spread, artichoke dip, maple-pecan ice cream topping, to chocolate yule log.
