

Quick, Kid-Friendly Lunches on a Budget

Make lunches your kids will love!

How to Win the Battle

Now that school is in full swing, mornings are filled with getting ready, making lunches and heading out the door in a timely fashion.

When it comes to busy mornings, healthy lunches are one of the first things that get removed from the radar! Have you thought much about the food you toss in your child's lunch box each morning? Is the meal balanced with a variety of nutrient dense foods your child loves?

Right now you are probably saying "My kids won't eat healthy foods! And I don't have time or money to make healthier lunches!" Well, we have some tips to make this mealtime a bit healthier and less stressful without breaking the bank.

Here are a few tips for making healthy lunches for children on a limited food budget!

1. Plan lunches before the week starts to make sure you have all the ingredients you need to make healthy lunches. This prevents unplanned visits to the grocery store, which saves time and money. Also consider what you will be eating for dinner that week so you can use leftovers!

2. Involve your kids by inviting them to help you make a list of grains, proteins, dairy products, and fruits/veggies they would enjoy eating at lunchtime. To save some money, have children look through the grocery ads and circle the items from each food group they would like in their lunches that week. They will enjoy getting to help create their own lunches and it helps make sure your not spending money on food that will go to waste later.

3. Make preparing lunches a family activity. Preparing daily lunches for your kids doesn't just have to be a task you do by yourself. Spend a few minutes each night together gathering items they picked out from each food group to create a unique lunch for them to have the next day. Try giving your children options. Cheese stick or yogurt. Carrot sticks or cucumber slices. This way, they get a say in what they will eat which increases the likelihood they will actually eat it and less food will be wasted. This allows you to prepare a healthier meal for your child without having to sacrifice time during your busy morning.

4. Make healthy lunches fun for kids by cutting foods like fruit, veggies, cheese, and bread into fun shapes like stars or hearts. Use cookie cutters to save time. Try making an open face sandwich with different veggies as the eyes, nose, and mouth. You can also let your child pick out a lunch box at the beginning of the year so they are excited about bringing lunch each day! Making food look fun is one large step towards helping your children eat healthy foods at lunchtime.

5. Make it tasty! Still having a hard time getting your kids to eat fruits and vegetables? Try adding a special dipping sauce like a salad dressing, hummus, or fruit dip to increase acceptance. Having something to dunk fruits and veggies into makes them fun and tasty!

Here is one idea of a quick and simple lunch to put together for you kiddos.
